## ABOUT ME

After finishing high school my interest developed in learning how to do coding and create an app. My passion continued to develop and soon I obtained a electronics and telecommunication engineering degree from the terna engineering college. recently I completed the Java developer offline course. I am looking forward to an opportunity that adds significant value to my career

## EDUCATION

### BE (EXTC-Engineering 2021)

- Terna Engineering College  
Nerul
- Percentage 69.78%

### HSC(2016)

- Mulund Vidya Mandir & Jr.  
College
- Percentage 53.08%

### SSC (2014)

- Gyanodaya Vidya Mandir
- Percentage 72.60%

## PROJECT:- (STUDENT MANAGEMENT SYSTEM)

I have built an application by using frontend and backend technologies. Where data is stored in multiple specific tables in has relationship manner. For the frontend, I have used languages like HTML and CSS. As for the backend I have used Java with MySQL. Where I have used MySQL for storing the data. I have created Has Relationship in Java Classes where the ORM framework stored data in multiple tables with a respective relationship.

## TECHNICAL SKILLS

### Java

- Great Knowledge on JDK, JRE, JVM & Features of Java.
- Great Knowledge on Method Overloading, Method Recursion, Method Over-riding.
- Great Knowledge on Constructor Overloading and Constructor Chaining.
- Good knowledge on OOP's concept.
- Good Knowledge of Collection Framework, Exception handling.
- Good Knowledge of Object Class, Arrays & String Class.
- Good Knowledge in JDBC API, Servlet, JSP.
- Great Knowledge of Hibernate Framework, ORM Framework & JPA.
- Good Knowledge on Spring(IoC container, Constructor Injector, Setter Injector).
- Basic Knowledge on SpringBoot.

### SQL

- Good Knowledge on RDBMS.
- Great Knowledge on Where Clause, Group By Clause, Order By Clause, Having Clause.
- Good Knowledge on DDL, DML, DQL, DCL, TCL.

### Web Technology

- Good Knowledge on HTML, CSS.
- Good Knowledge on Bootstrap.
- Good Knowledge on Java Script.
